9) As it has been decided to give the Town Hall for the use of the Public Library and as the Municipal Council seems to be "saddled with an expenditure" for its maintenance, the building may be transferred to the charge of the Executive Engineer Special Division. The balance at the credit of the Town Hall Fund may ^{also} be taken over.

With reference to your Letter No G T 2113 dated 4th July 1928 forwarding for - sanction the Budget Estimates of the Town Hall for the year 1928-29 Government - - observe that the Municipal Council have -- resolved that "The budget be passed on condition that the Public Library is not located in the 'Town Hall' The question of the - - location of the Public Library has already been settled in Government Order No D 7620-28/Unl 209-27-6 dated 23rd January 1928 and Government regret that ^{the occasion} it cannot be re-considered

The Municipal Council are evidently of opinion that the receipts of the Town Hall will not in future be sufficient for the maintenance of the building and the grounds and they are naturally disinclined to bear any portion of the cost from Municipal funds In these circumstances -- Government have no objection to relieve the Municipal Council of this obligation and to transfer the control and maintenance of the building and grounds to the Public Works -- Department

The balance now at the credit of the Town Hall fund may be intimated and if there are any other details to be decided in connection with the transfer of charge I am to request

request that a report may kindly be submitted to Government within a week so that --- final orders may issue in the matter
